Revisions to the Pages/Documentation

This page provides a log of activities in concurrent building, debugging, and documenting the kit, identifying changed web pages and describing the changes/status.

Page	Revised Date	What Changed
All	3/26/2009	Added links to component mounting instructions
All	3/1/2009	Posted caveat that the current draw readings stated in the stage test sections need correction
BPFs	2/20/2009	Corrected error in picture of T1 leads (primary lead designations had been reversed). Added reference to short tutorial on winding bifilar transformers like T1 (example used the T1 for the 20m kit). TX Larry F6FVY for catching the error.
BPF , Mixer	1/7/2009	Posted/updated stages' completions
Op Amps	1/6/2009	Posted/updated stage completion
Mixer	1/5/2009	Moved integrating caps C5 and C6 from Opamp stage to Mixer stage
Multiple	1/5/2009	Notes are now out of BETA incorporating Tony's commens/suggestions.
Mixer	1/5/2009	Moved R1 and R2 out of BPF stage into Mixer stage.
Multiple	1/4/2009	Beefed up the "Theory of Operation (thanks, Jan GOBBL) introductory material for each stage.
Multiple	1/3/2009	Completed and updated docs for following stages: <ul style="list-style-type: none"> • Local Oscillator • Dividers
Power Supply	1/1/2009	Updated - completed stage
Multiple	1/1/2009	Corrected BOM errors
All	12/31/2008	Added clickable areas to schematic subsets to

		allow user to click and navigate to related schematic subsets.
Divider, Mixer	12/30/2008	Moved build notes from the Mixers Stage to the Dividers Stage , so as to minimize problems in the soldering of the ICs in such close quarters.
All	12/24/2008	Added detailed band-specific bills of material as "sub-bills" beneath each page's bill of materials.
All	12/23/2008	Completed base load of pages and BOM. Test sections have not yet been confirmed. Strawman test sections are currently in the pages.
All	12/21/2008	Initial project setup
